PROTECTING

Our

women

The logo represents women as a whole and their importance. They carry the world with all 7 teachings represented by the Eagle Feathers, at the center of everything.

The Medicine Wheel is also included as a part of indigenous peoples strong Mental, Physical, Emotional and Earthly beliefs, guided by the Four Directions.

The Sun surrounds the woman as a form of protection, and the pattern on the skirt represents the Moons a woman is given through out her life.

The Dark Red represents Life, and the Light Green represents the Purity of women. The Bright Red, Yellow, Black and White represent all races of people in the Medicine Wheel.

The green plant in the logo represents a medicine which indigenous people consider sacred, Sage. It is used in ceremony or celebration to ward away negative energy. Some say it is one of the more gentle medicines, calling it “Womans Sage”.
