Annual Golf Tournament Raises more than \$70,000 for Post-Secondary Scholarships

FOR IMMEDIATE RELEASE: September 3, 2020

ANISHINAABE AND DAKOTA TERRITORY, MB — The Southern Chiefs' Organization (SCO) and the Southern Chiefs' Economic Development Corporation (SCEDC) thank the committed businesses, organizations, and individuals that supported the third annual golf tournament. Through a partnership with Indspire, more than \$70,000 in annual and endowed scholarships will be awarded to students from SCO-member communities, building on the \$45,000 in scholarships raised last year.

"The potential of our youth is limitless, and helping them achieve their educational dreams is one of the top priorities of our southern Chiefs," said Grand Chief Jerry Daniels. "I am proud to partner with Indspire and with innovative institutions like MITT, Brandon University and Assiniboine Community College, to help create positive academic and socio-economic outcomes for our students."

"AFN Manitoba supports SCO in the creation of scholarships for students attending post-secondary institutions," said Assembly of First Nations Regional Chief Kevin Hart. "Through education we see a stronger future for our youth and our communities." Regional Chief Hart added, "Education is the key to reconciliation and our youth will guide and build a stronger tomorrow."

SCEDC and SCO worked closely with Larters at St. Andrews Golf and Country Club to follow public health guidelines and ensure the health and safety of golf tournament participants, while keeping the focus on increasing access to post-secondary education for southern First Nation students.

"The scholarship meant a great deal to me and it went a long way in reducing financial stress. To take that worry away has helped me focus on my classes and grades. I hope to be graduating this following year from the Faculty of Arts. I wish the best for all other students and new students to come. Chi-Miigwetch" Everett (Pine Creek First Nation)

"For me winning the scholarship meant a lot, and it helped relieve some of the stress that comes along with university and living on your own. Receiving the scholarship gives me the courage and motivation to continue doing well in my courses and degree. I am currently in the Faculty of Arts and aspire to go into social work. I hope that I can help a lot of people and their families. Thank you!" Alannah (Pinaymootang First Nation)
