Based Healing

SCO MCRT Operational/Internal Process

Member Nations will reach out to the MCRT via telephone, email, or other methods such as in person requests MCRT Intake
Coordinators will assess
and triage requests
according to internal
assessment guidelines

On completion triage assessment, a team will be activated to deploy to Nation 12-24 hours after receiving request

Team will be in Nation on average 1-3 days dependent on the nature of request and scope of crisis event

While in the Member Nation, team will determine if a follow up visit is required or requested
